Emergency Red-Zone Measures Extended Further to Include all of the Outaouais Region

Dear parents, guardians, adult and vocational education students,

Earlier this afternoon, Premier Legault announced the following measures, which will be put in place as outlined below:

- All schools currently under red-zone measures will maintain the measures up to and including Friday, April 23rd; these schools and centres will continue with distance learning, as they have been since April 12th
- Beginning Thursday, April 15th, all WQSB schools in the Outaouais region will have the same red-zone emergency measures imposed on them and therefore, will be closed and will begin distance learning, which will continue up to and including Friday, April 23rd
- All schools following distance learning will do so as outlined below:
 - Secondary Schools: follow their regular schedules via distance learning
 - Elementary Schools: distance learning as determined by the individual schools; parents will be advised by school administration
 - Adult Education and Vocational Training Centres will be online/distance learning
- Please note that the red-zone measures do not apply to our schools in Region 08, namely: G. Thérberge School, Golden Valley School, Noranda School, the Western Quebec Continuing Education Centre in Val d'Or, and the Anishnabe Adult Education Centre

A reminder as well to all that due to the scheduled teacher strike on Wednesday, April 14th, all **Western Quebec schools will offer distance education for all elementary and secondary students.**
