

COVID-19 Vaccination Directorate

November 24, 2021

Dear parents,

Following Health Canada's approval of Pfizer-BioNTech's pediatric COVID-19 vaccine for children aged 5 to 11, the Minister of Health and Social Services (MSSS) is pleased to announce the launch of the vaccination campaign for children.

To get your child vaccinated, you have two options:

1. **You can come with your child to one of our vaccination centres:**

- By clicking on the following link:
<https://clients3.clicsante.ca/60060>

Please note that time slots are reserved especially for children so that they are welcomed in a calm environment adapted to them.

2. **You can also book** an appointment with your **child's school**, depending on what they have chosen, i.e. whether the vaccination takes place at the school or at one of the community's vaccination sites (including school transportation):

- By clicking on the following link, you will have to choose your child's school:
<https://clients3.clicsante.ca/67027/take-appt>

If you choose to have your child vaccinated at school, you must complete and sign the electronic consent form via Clic Santé at least 24 hours before the day of the vaccination at school. You can also fill out a paper consent in the event that you do not have access to the internet.

For more information about the vaccination campaign for children aged 5 to 11, please visit the page [Québec.ca/vaccinjeune](https://quebec.ca/vaccinjeune) you can also call 1 877 644-4545 (toll free).
