

February 25, 2022

Parents/Guardians/Adult Education and Vocational Training Students,

Recently, the Quebec Government announced the relaxation of certain health measures starting on Monday, March 7, 2022:

- Starting March 7, students at the elementary and secondary level are no longer required to wear masks when seated in classrooms
- They will however be required to wear masks in hallways, all common areas, and while on the school bus
- Students will be required to wear masks during physical activity as well
- Adult Education and Vocational Training students must continue to wear masks in classrooms, and all common areas

For more information on the relaxation of certain health measures, please consult the following web pages:
